Indy Parks Swim School

Parent & Me

Swimming is a great way to bond with your child! There is strong evidence that physical touching, hugging and playing is critical to a child's cognitive development. Indy Parks Swim School Parent and Me classes are designed for children 6 months to 4 years and focuses on play as learning. In this class, parents will help their child begin to explore the water through songs and games while introducing skills in submerging, floating, kicking and water safety. At a comfortable 1:10 ratio, you and your child will receive important individual attention from the instructor while also benefitting from the group setting by meeting other children who are similar in age and skill level.

Indy Parks Swim School

Swimming is a great way to bond with your child! There is strong evidence that physical touching, hugging and playing is critical to a child's cognitive development. Indy Parks Swim School Parent and Me classes are designed for children 6 months to 4 years and focuses on play as learning. In this class, parents will help their child begin to explore the water through songs and games while introducing skills in submerging, floating, kicking and water safety. At a comfortable 1:10 ratio, you and your child will receive important individual attention from the instructor while also benefitting from the group setting by meeting other children who are similar in age and skill level.

Preschool Swim Lessons

Swimming builds self-esteem when a child performs a skill that was once impossible to them! The Indy Parks Swim School Preschool swim lessons are designed for children 3 years to 6 years and will concentrate on becoming more comfortable in the water and strengthen students' ability to perform skills independently. Skills taught at this level will include proper front and back floating, kicking, gliding, treading water and successfully performing front crawl. Skills are age appropriate with a 1:4 ratio and will prepare the child for success in youth level classes. Children must be potty-trained and be able to take instruction without parental supervision.

Youth Swim Lessons @ MLK Pool

Children who know how to swim not only can save themselves when in water, but are far more equipped to recognize the dangers of water. Indy Parks Swim School Youth swim lessons are designed for children 5 and over and will cover a broad range of core swimming skills helping students become proficient in the four basic strokes of freestyle, backstroke, breaststroke and butterfly as well as basic water safety. The 1:6 ratio allows students to move through each level at their own pace while building endurance in the water and working on stroke perfection and technique. Children should be ready for stroke development and be able to sit through a 45 minute class.

Indy Parks Swim School

Parent & Me

Swimming is a great way to bond with your child! There is strong evidence that physical touching, hugging and playing is critical to a child's cognitive development. Indy Parks Swim School Parent and Me classes are designed for children 6 months to 4 years and focuses on play as learning. In this class, parents will help their child begin to explore the water through songs and games while introducing skills in submerging, floating, kicking and water safety. At a comfortable 1:10 ratio, you and your child will receive important individual attention from the instructor while also benefitting from the group setting by meeting other children who are similar in age and skill level.

Preschool Swim Lessons

Swimming builds self-esteem when a child performs a skill that was once impossible to them! The Indy Parks Swim School Preschool swim lessons are designed for children 3 years to 6 years and will concentrate on becoming more comfortable in the water and strengthen students' ability to perform skills independently. Skills taught at this level will include proper front and back floating, kicking, gliding, treading water and successfully performing front crawl. Skills are age appropriate with a 1:4 ratio and will prepare the child for success in youth level classes. Children must be potty-trained and be able to take instruction without parental supervision.

Youth Swim Lessons

Children who know how to swim not only can save themselves when in water, but are far more equipped to recognize the dangers of water. Indy Parks Swim School Youth swim lessons are designed for children 5 and over and will cover a broad range of core swimming skills helping students become proficient in the four basic strokes of freestyle, backstroke, breaststroke and butterfly as well as basic water safety. The 1:6 ratio allows students to move through each level at their own pace while building endurance in the water and working on stroke perfection and technique. Children should be ready for stroke development and be able to sit through a 45 minute class.

Camp - Ellenberger Park Theater Camp

Through a week long theater experience campers and counselors work toward the shared goal of producing a short play. Campers will assist in costume and prop design. Each camper will have a specific role in the success of the play as well as learn patience and team building. There will also be a trained theater professional on site for this week of camp. There will be a final performance at the end of the week so that our young actors may showcase their talents to their family and friends.

Preschool Swim Lessons

Swimming builds self-esteem when a child performs a skill that was once impossible to them! The Indy Parks Swim School Preschool swim lessons are designed for children 3 years to 6 years and will concentrate on becoming more comfortable in the water and strengthen students' ability to perform skills independently. Skills taught at this level will include proper front and back floating, kicking, gliding, treading water and successfully performing front crawl. Skills are age appropriate with a 1:4 ratio and will prepare the child for success in youth level classes. Children must be potty-trained and be able to take instruction without parental supervision.

Parent & Me

Swimming is a great way to bond with your child! There is strong evidence that physical touching, hugging and playing is critical to a child's cognitive development. Indy Parks Swim School Parent and Me classes are designed for children 6 months to 4 years and focuses on play as learning. In this class, parents will help their child begin to explore the water through songs and games while introducing skills in submerging, floating, kicking and water safety. At a comfortable 1:10 ratio, you and your child will receive important individual attention from the instructor while also benefitting from the group setting by meeting other children who are similar in age and skill level.

Youth Swim Lessons

Children who know how to swim not only can save themselves when in water, but are far more equipped to recognize the dangers of water. Indy Parks Swim School Youth swim lessons are designed for children 5 and over and will cover a broad range of core swimming skills helping students become proficient in the four basic strokes of freestyle, backstroke, breaststroke and butterfly as well as basic water safety. The 1:6 ratio allows students to move through each level at their own pace while building endurance in the water and working on stroke perfection and technique. Children should be ready for stroke development and be able to sit through a 45 minute class.

Preschool Swim Lessons

Swimming builds self-esteem when a child performs a skill that was once impossible to them! The Indy Parks Swim School Preschool swim lessons are designed for children 3 years to 6 years and will concentrate on becoming more comfortable in the water and strengthen students' ability to perform skills independently. Skills taught at this level will include proper front and back floating, kicking, gliding, treading water and successfully performing front crawl. Skills are age appropriate with a 1:4 ratio and will prepare the child for success in youth level classes. Children must be potty-trained and be able to take instruction without parental supervision.

Parent & Me

Swimming is a great way to bond with your child! There is strong evidence that physical touching, hugging and playing is critical to a child's cognitive development. Indy Parks Swim School Parent and Me classes are designed for children 6 months to 4 years and focuses on play as learning. In this class, parents will help their child begin to explore the water through songs and games while introducing skills in submerging, floating, kicking and water safety. At a comfortable 1:10 ratio, you and your child will receive important individual attention from the instructor while also benefitting from the group setting by meeting other children who are similar in age and skill level.

Youth Swim Lessons

Children who know how to swim not only can save themselves when in water, but are far more equipped to recognize the dangers of water. Indy Parks Swim School Youth swim lessons are designed for children 5 and over and will cover a broad range of core swimming skills helping students become proficient in the four basic strokes of freestyle, backstroke, breaststroke and butterfly as well as basic water safety. The 1:6 ratio allows students to move through each level at their own pace while building endurance in the water and working on stroke perfection and technique. Children should be ready for stroke development and be able to sit through a 45 minute class.

Parent & Me

Swimming is a great way to bond with your child! There is strong evidence that physical touching, hugging and playing is critical to a child's cognitive development. Indy Parks Swim School Parent and Me classes are designed for children 6 months to 4 years and focuses on play as learning. In this class, parents will help their child begin to explore the water through songs and games while introducing skills in submerging, floating, kicking and water safety. At a comfortable 1:10 ratio, you and your child will receive important individual attention from the instructor while also benefitting from the group setting by meeting other children who are similar in age and skill level.

Preschool Swim Lessons

Swimming builds self-esteem when a child performs a skill that was once impossible to them! The Indy Parks Swim School Preschool swim lessons are designed for children 3 years to 6 years and will concentrate on becoming more comfortable in the water and strengthen students' ability to perform skills independently. Skills taught at this level will include proper front and back floating, kicking, gliding, treading water and successfully performing front crawl. Skills are age appropriate with a 1:4 ratio and will prepare the child for success in youth level classes. Children must be potty-trained and be able to take instruction without parental supervision.

Youth Swim Lessons

Children who know how to swim not only can save themselves when in water, but are far more equipped to recognize the dangers of water. Indy Parks Swim School Youth swim lessons are designed for children 5 and over and will cover a broad range of core swimming skills helping students become proficient in the four basic strokes of freestyle, backstroke, breaststroke and butterfly as well as basic water safety. The 1:6 ratio allows students to move through each level at their own pace while building endurance in the water and working on stroke perfection and technique. Children should be ready for stroke development and be able to sit through a 45 minute class.

Parent & Me

Swimming is a great way to bond with your child! There is strong evidence that physical touching, hugging and playing is critical to a child's cognitive development. Indy Parks Swim School Parent and Me classes are designed for children 6 months to 4 years and focuses on play as learning. In this class, parents will help their child begin to explore the water through songs and games while introducing skills in submerging, floating, kicking and water safety. At a comfortable 1:10 ratio, you and your child will receive important individual attention from the instructor while also benefitting from the group setting by meeting other children who are similar in age and skill level.

Preschool Swim Lessons

Swimming builds self-esteem when a child performs a skill that was once impossible to them! The Indy Parks Swim School Preschool swim lessons are designed for children 3 years to 6 years and will concentrate on becoming more comfortable in the water and strengthen students' ability to perform skills independently. Skills taught at this level will include proper front and back floating, kicking, gliding, treading water and successfully performing front crawl. Skills are age appropriate with a 1:4 ratio and will prepare the child for success in youth level classes. Children must be potty-trained and be able to take instruction without parental supervision.

Youth Swim Lessons

Children who know how to swim not only can save themselves when in water, but are far more equipped to recognize the dangers of water. Indy Parks Swim School Youth swim lessons are designed for children 5 and over and will cover a broad range of core swimming skills helping students become proficient in the four basic strokes of freestyle, backstroke, breaststroke and butterfly as well as basic water safety. The 1:6 ratio allows students to move through each level at their own pace while building endurance in the water and working on stroke perfection and technique. Children should be ready for stroke development and be able to sit through a 45 minute class.

Parent & Me

Swimming is a great way to bond with your child! There is strong evidence that physical touching, hugging and playing is critical to a child's cognitive development. Indy Parks Swim School Parent and Me classes are designed for children 6 months to 4 years and focuses on play as learning. In this class, parents will help their child begin to explore the water through songs and games while introducing skills in submerging, floating, kicking and water safety. At a comfortable 1:10 ratio, you and your child will receive important individual attention from the instructor while also benefitting from the group setting by meeting other children who are similar in age and skill level.

Preschool Swim Lessons

Swimming builds self-esteem when a child performs a skill that was once impossible to them! The Indy Parks Swim School Preschool swim lessons are designed for children 3 years to 6 years and will concentrate on becoming more comfortable in the water and strengthen students' ability to perform skills independently. Skills taught at this level will include proper front and back floating, kicking, gliding, treading water and successfully performing front crawl. Skills are age appropriate with a 1:4 ratio and will prepare the child for success in youth level classes. Children must be potty-trained and be able to take instruction without parental supervision.

Youth Swim Lessons

Children who know how to swim not only can save themselves when in water, but are far more equipped to recognize the dangers of water. Indy Parks Swim School Youth swim lessons are designed for children 5 and over and will cover a broad range of core swimming skills helping students become proficient in the four basic strokes of freestyle, backstroke, breaststroke and butterfly as well as basic water safety. The 1:6 ratio allows students to move through each level at their own pace while building endurance in the water and working on stroke perfection and technique. Children should be ready for stroke development and be able to sit through a 45 minute class.

Futsal

Futsal is played between two teams of six players, one of whom is the goal keeper. Unlike some other forms of indoor soccer, the game is played on a hard court surface delimited by lines; walls or boards are not used. Futsal is also played with a ball that has less bounce than a regulation soccer ball.

Hoosier Canoe Club

Thatcher Pool is a great place for kids and grownups to try kayaking in a safe, warm environment. Volunteers from the Hoosier Canoe Club will encourage you try their boats and teach you basic paddle skills and safety tips. Every first Wednesday of each month, Kids have the opportunity to learn kayaking techniques for FREE. Must register two weeks in advance. Paddlers who catch the bug can get advice about boats and gear, learn how to roll or self-rescue a kayak and join the HCC on paddling trips across Indiana and beyond. Please contact Thatcher Park to reserve a date at the pool. For more information call Jordan Ross 317-460-7000 (evenings).
